Anca Trifan, MD  
Hasdeu 10, Independentei no. 1  
Iasi, 700109  
ROMANIA

Dear Dr. Trifan:

On behalf of the AGA Governing Board, we would like to congratulate you on being inducted as an AGA Fellow (AGAF). The effective date of your fellowship is Feb. 1, 2021. At that time, you may add the AGAF designation to your title.

Fellowship is an honor bestowed by AGA for superior professional achievement in practice and/or research in the field of gastroenterology. As a fellow, you have demonstrated that you have met a strict set of criteria that has been recognized by your peers and your community.

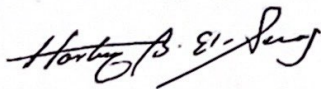

Enclosed is your AGAF pin and certificate of recognition for prominent display in your office. Your name will be listed on the AGA website and highlighted among AGA members via our e-newsletter and social media. In addition, you will be identified as a fellow in the 2021 online AGA Membership Directory.

We hope that you will continue to maintain active membership in the largest and oldest professional organization of gastroenterologists. As a reminder, after the AGAF designation is awarded, you must maintain continuous AGA membership. If your membership is terminated at any time, the awarded AGAF designation can be revoked.

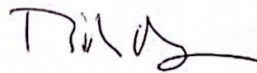

If you would like to announce your fellowship to your local community, a sample press release can be found on [www.gastro.org/fellowship](http://www.gastro.org/fellowship). For further questions, please contact [media@gastro.org](mailto:media@gastro.org).

Once again, congratulations on obtaining your AGAF!

Sincerely,

Hasham B. El-Serag, MD, MPH, AGAF  
Chair

M. Bishr Omary, MD, PhD, AGAF  
Chair-elect
